

# TOTAL Eurotrafic card. Your passport to Europe.

The Total Eurotrafic Card is accepted at all Total service stations and our partner networks across Europe. That's 11,000 service stations in 14 countries. The Eurotrafic card is simple to use, offers complete security, and provides all the information you need to manage your fuel costs. What's more, it lets you pay for all your on-the-road expenses, including paytolls, tunnels and breakdown assistance. It even makes light work of your VAT refunds.
